GRIMMWAY CAFÉ VISION

The Grimmway Café strives to serve nutritious and delicious meals everyday. Meals are freshly prepared using seasonal, locally-grown fruits and vegetables. The Grimmway Café has already eliminated most processed foods, all trans fats, high fructose corn syrup, chemicals, dyes, additives, and nitrates from our school lunches, making virtually everything from scratch. We are working to eliminate refined sugars and refined flours.

GRIMMWAY CAFE MISSION

The educational mission at Grimmway Schools includes a commitment to improve the health and wellness of the entire community by teaching students and their families' ways to establish and maintain life-long healthy eating habits. This mission shall be accomplished through nutrition education, garden experiences, the selection and preparation of food served at Grimmway Schools and academic content in both the classroom and Edible Schoolyard garden and kitchen programs.

EDIBLE SCHOOLYARD

MISSION + VISION

To create and sustain an organic garden and learning kitchen that is integrated into the school's curriculum and culture. Our hands-on garden and kitchen lessons, teach the values of: Environmental Stewardship, Seasonality, Personal Expression, Active Learning, Collaboration and Cooperation, Nourishment of Self, Family, and community.

CELERY

WHAT IS AN EDIBLE SCHOOLYARD?

An Edible Schoolyard (ESY) is a garden classroom and kitchen classroom that provides a hands-on learning experience for students. Students are able to get their hands in the soil, cultivate, plant, water and harvest their own produce. The produce is taken to the kitchen classroom, where students use real tools to create a delicious meal. Students then set a beautiful table, share conversation and eat together. We encourage students to explore and awaken their senses to the world around them, and to appreciate food through seed to table education.

The ESY is a space that brings the academic classroom to life. Students are not only able to connect their experiences in the garden and kitchen to content they are learning in the classroom, but are also developing and practicing vital life skills, teamwork and learning how to nourish themselves in all areas of life.

GRIMMWAY CAFÉ

COMMITMENT TO HEALTHY EATING

Grimmway Academy is committed to providing healthy eating choices to our student population . All families are strongly encouraged to avoid bringing any outside food that will discourage students from eating the healthy choices that are made available by the school. Families that choose to bring food must choose complete meals that do not exceed state and federal approved laws by which the Grimmway Café observes. Additionally, the Grimmway Café does not serve foods with nitrates, trans fats, chemicals, dyed, refined sugars, refined flours, hydrogenated or partially hydrogenated oils, high fructose corn syrup or additives. To avoid bringing these ingredients into the café, please do not provide your children with packaged foods in their lunches.

The Grimmway Academy Wellness Policy includes a commitment to improve the health of the entire community by teaching students and their family's ways to establish and maintain life long healthy eating habits. In keeping with this goal, the Policy adopted the stipulation that foods offered to students and employees during the day as snacks, incentives, or refreshments in school offices and on school grounds be as healthful and nutritious as possible. Teachers, administrators, and parents who model healthy behavior increase the likelihood of having a positive influence on student behavior. classroom, but are also developing and practicing vital life skills, teamwork and learning how to nourish themselves in all areas of life.
